"There Would Be NO United States of America "**

**Ed Copher, "924 Keeper of the Flame"**

Memories glimmer and hide in the dim shadows  
Daring us to '...catch me...if you can!'  
As time steadily treads its own meandering path,  
It's hard to trace old members of the clan.  
Then someone steps up with lantern and blade  
Shouting, "Let's gather them in for us all, good neighbor!  
We'll bring forth those hidden in the shade, and  
Share them with one and another!  
"I'll keep that flame high and the blade ever sharp,  
That our friends may never be lost in the dark!"

**MISSION STATEMENT**

**Its official, DD-214's are NOW Online:**

The National Personnel Records Center (NPRC) has provided the following website for veterans to gain access to their DD-214's online: <http://vetrecs.archives.gov/> . This may be particularly helpful when a veteran needs a copy of his DD-214 for employment purposes. NPRC is working to make it easier for veterans with computers and Internet

access to obtain copies of documents from their military files. Military veterans and the next of kin of deceased former military members may now use a new online military personnel records system to request documents. Other

individuals with a need for documents must still complete the Standard Form 180, which can be downloaded from the online web site. Because the requester will be asked to supply all information essential for NPRC to process the request, delays that normally occur when NPRC has to ask veterans for additional information will be minimized. The new web-based application was designed to provide better

service on these requests by eliminating the records centers mailroom and processing time. Please pass this information on to former military personnel you may know and their dependents.

**CARRIER:** PBS announced that it will air CARRIER, a revealing story of daily life on a United States aircraft carrier, the USS Nimitz. Filmed from May to November 2005, nearly 2,000 hours of high-definition video were captured aboard the ship during a full six-month deployment to the Persian Gulf, of which three months were spent in combat in support of the ground troops. For the first time, a television series takes a raw and honest look at the Navy's role in this controversial war.

**CARRIER premieres Sunday, April 27-Thursday, May 1, 2008, 9:00-11:00 p.m. ET on PBS.**

### **John McCain's remarks about the Pledge of Allegiance!**

*Ed Copher; I was in the Squadron with John McCain when he got shot down and made POW for 5 1/2 years.*

In light of the recent appeals court ruling in California, with respect to the Pledge of Allegiance, the following recollection from Senator John McCain is very appropriate:

#### **"The Pledge of Allegiance" - by Senator John McCain**

As you may know, I spent five and one half years as a prisoner of war during the Vietnam War. In the early years of our imprisonment, the NVA kept us in solitary confinement or two or three to a cell. In 1971 the NVA moved us from these conditions of isolation into large rooms with as many as 30 to 40 men to a room.

This was, as you can imagine, a wonderful change and was a direct result of the efforts of millions of Americans on behalf of a few hundred POWs 10,000 miles from home.

One of the men who moved into my room was a young man named Mike Christian.

Mike came from a small town near Selma, Alabama. He didn't wear a pair of shoes until he was 13 years old. At 17, he enlisted in the US Navy. He later earned a commission by going to Officer Training School. Then he became a Naval Flight Officer and was shot down and captured in 1967. Mike had a keen and deep appreciation of the opportunities this country and our military provide for people who want to work and want to succeed.

As part of the change in treatment, the Vietnamese allowed some prisoners to receive packages from home. In some of these packages were handkerchiefs, scarves and other items of clothing.

Mike got himself a bamboo needle. Over a period of a couple of months, he created an American flag and sewed on the inside of his shirt.

Every afternoon, before we had a bowl of soup, we would hang Mike's shirt on the wall of the cell and say the Pledge of Allegiance.

I know the Pledge of Allegiance may not seem the most important part of our day now, but I can assure you that in that stark cell it was indeed the most important and meaningful event.

One day the Vietnamese searched our cell, as they did periodically, and discovered Mike's shirt with the flag sewn inside, and removed it.

That evening they returned, opened the door of the cell, and for the benefit of all of us, beat Mike Christian severely for the next couple of hours. Then, they opened the door of the cell and threw him in. We cleaned him up

as well as we could.

The cell in which we lived had a concrete slab in the middle on which we slept Four naked light bulbs hung in each corner of the room.

As I said, we tried to clean up Mike as well as we could. After the excitement died down, I looked in the corner of the room, and sitting there beneath that dim light bulb with a piece of red cloth, another shirt and his bamboo needle, was my friend, Mike Christian. He was sitting there with his eyes almost shut from the beating he had received, making another American flag. He was not making the flag because it made Mike Christian feel better. He was making that flag because he knew how important it was to us to be able to Pledge our allegiance to our flag and country.

So the next time you say the Pledge of Allegiance, you must never forget the sacrifice and courage that thousands of Americans have made to build our nation and promote freedom around the world.

You must remember our duty, our honor, and our country.

**"I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."**
